

Abranet® Ace

– the ultimate dust free ceramic net experience

Abranet Ace is a new addition to the dust-free Abranet family. The product is developed for tougher and more demanding sanding applications. With its higher edge wear resistance, optimized net construction and ceramic grains, Abranet Ace offers superior cut and performance especially for hard wood, solid surface materials, fillers, primers and hard clear coats. Abranet Ace can be found in grit range P80–P800.

Abranet® Ace – a complete dust free sanding experience!

Excellent cut on harder wood types such as beech and oak.

Optimal performance and life time on primer sanding applications.

Superior and fast cutting on various solid surface types.

Efficient paint removal on hard clear coats.

Abranet® Ace
